LATE LETTER		ADDRESS
R-I265	J. Perry Cronin	jperryc@sbcglobal.net

Each of these letters was assigned a letter designation, as noted above, with each comment in the letter numbered beginning with the number one. Each letter is reprinted herein, along with a written response.

The following pages provide the comment letter on the left side, with each specific comment numbered in the left-hand margin, and correspondingly numbered responses to each comment on the right-hand side. Each comment and response is designated by both the letter assigned to that piece of correspondence, as well as the number assigned to the comment (e.g., R-A1, R-A2 and so on).

Where similar comments were received from multiple sources, the reader may be referred to another applicable response. For comments that required modifications to correct or clarify information in the Recirculated Draft EIR, that fact is so stated, and the changes are identified via strike-out underline pages in this Final EIR. In some cases, comments and responses provide additional information, which is now a part of the Final EIR.
