

CHAPTER 3.0 ENVIRONMENTAL EFFECTS FOUND NOT TO BE SIGNIFICANT

This chapter discusses those effects that were identified as potentially significant during the preparation of the Environmental Review Update Checklist Form and NOP process but were concluded not to be significant after further analysis. Sections 3.1 through 3.10 discuss the issue areas that were identified as being potentially significant in the Environmental Review Update Checklist Form for Projects with Previously Approved Environmental Documents (see Appendix B) but were determined not to be significant in this EIR based on the identified thresholds of significance. These sections include 3.1 Agriculture and Forest Resources, 3.2 Geology and Soils, 3.3 GHG Emissions, 3.4 Hydrology and Water Quality, 3.5 Population and Housing, 3.6 Public Services, 3.7 Recreation, 3.8 Tribal Cultural Resources, 3.9 Utilities and Service Systems, and 3.10 Other CEQA Considerations.
