In 2003 a similar project to the Lake Jennings Market place was defeated. The site has been zoned for condos and apartments. This project is like the previous scenario with a massive increase environmental, health and social impact. There is a shopping center up the road that has a vacant store "Haggens" what need is there for another marketplace. We need housing. Keep the zoning as it stands.</p> <p>Regards, Dorotea Brunetto Blossom Valley Travel Phone 619.561.6562 Fax 619-561-7530 14110 Clide Hwy 8, Ste C El Cajon, CA 92021 CST 2005298-40</p>	<p>Response to Comment Letter M</p> <p>Dorotea Brunetto December 16, 2015</p> <p>M-1 The previously proposed commercial center project was withdrawn by the Applicant prior to formal consideration for approval by the County Board of Supervisors. The comment expresses opposition for the project but does not raise any specific issue relevant to the adequacy of the EIR. Therefore, no further response is required.</p>
