DRAFT ENVIRONMENTAL IMPACT REPORT (EIR) PUBLIC REVIEW MEETING COMMENT SHEET

I would suggest you go back through years of local protest against Linc Hills to understand how we all feel about Newland Sierra. I-15 cannot handle the traffic now; 3,000 more cars will ruin our lives. Fire danger, lack of infrastructure and cookie cutter construction — this project does not belong here! Please stop this attack on our agriculture lifestyle and community. We also care about wildlife, air quality, water shortages. We cannot support a new city up here! When will developers get a clue and plan smaller communities with larger lotsites, something that would fit. We are all sick and tired of greedy developers and politicians in North County!
