Dear Miss Smith:

The Newland Sierra Project allows North County San Diego workers the opportunity to stay in San Diego. Many of our workers are forced to live in Temecula due to the lack of housing in our community. People spend where they live and that means they are making money in San Diego County and spending it in Riverside County. This project provides much needed housing along a major traffic corridor. Bravo to Newland Sierra for seeing a need and working to make that need a reality. They have my full support!

I-170-1

Sincerely,

Stacie
