Subject: NEWLAND SIERRA PROJECT

Ashley and Mark,

I am a resident of Deer Springs Oaks Mobile home park. A senior community that is located directly in front of the proposed project.

I-173-1

I am very concerned that our quality of life is in trouble. If approved this new project will increase the number of cars that use Deer Springs Rd.

I-173-2

I strongly oppose this project for the following reasons:

I-173-3

- *It will create more noise, traffic and pollution
- *It will disrupt our peace and quiet
- *It will destroy wildlife habitats
- *Planned blasting will create vibrations, shaking, noise and dust

Has someone taken a look at this construction proposal and has a study been done on what will happen to the existing residents quality of life?

I-173-7

Please protect our community. We have worked so hard and now that we're retired we deserve peace, quiet and no additional pollution.

I-173-8

Thank you
