Dear Miss Smith:

I am writing to lend my support for the Newland Sierra Project. The topic of housing shortage has been discussed constantly on the news and in the papers in recent months. How much longer can the Board of Supervisors put off voting for the creation of additional much needed housing in the region? It detrimentally affects many people such as me.

I moved to San Diego over 3 years ago to be closer to my mother, daughter and grandchildren who all need my support. Since then, I have been looking for an affordable home to purchase with no luck. It has come to the point that I am now considering moving out of the state as I am tired of throwing money away and don't want to invest money into a mortgage at this stage in my life.

I really don't want to move away from my family who needs my help, but I am starting to see no other option unless this housing situation is addressed immediately.

Sincerely,

Cheryl Hatch
