Dear Miss Smith:

San Diego County is a wonderful place to live AND work that is if you can find a house you can afford. Because of our County's housing crisis many workers are forced to live in the Temecula area of Riverside County. We should be providing wonderful jobs and housing opportunities for our workers. We need projects like Newland Sierra that allow our workers to live where they work. How long until the jobs start going where the workers are? I support Newland Sierra and encourage you to do the same. We need this project and more like it in our County.

I-191-1

Sincerely,
