As a resident of Hidden Meadows, I am stunned that the county is even considering the Newland Sierra plan. Most of the residents of this area came here for the peace, privacy, and security of an "out of the way" nest to spend our retirement years. In just the 8 years we have lived here, we have already seen a dramatic increase in traffic, crime, vandalism, and populace. The mere thought of a 2500 home development terrifies me. I can barely get on the freeway anymore without flinching from the speed demons zipping by and Twin Oaks can delay a 20 minute trip by another half hour during the morning and evening rush hours.

Fires along the roads are becoming more frequent and we have only one escape route. Your plan will absolutely cause the massacre of hundreds of residents if there is another disaster as large as the 2007 fires. The serenity of the area will be gone and there will be a mass exodus of locals in an effort to find another place to die in peace.
