Dear Miss Smith:

I am a long-time resident of the North County region and have watched tremendous growth and change as more people discovered this wonderful area. But I have also observed the price of housing costs increase dramatically and the need for additional housing in the region.

I like the concept of smart growth, which didn't always occur in our communities, and support the amenities mentioned in the EIR. The project is close to the freeway. Rideshare and shuttle systems will make it even better. It has an attractive mix of residential, commercial and open space. We are looking forward to browsing the shops and trying the new restaurants -- welcomed additions to the North County scene.

Sincerely,

Tina Ostrem Inseco
