Subject: Twin Oaks Valley/I15 housing project

My husband and I are Valley Center Resident's, actually the Old Castle Road area @Champagne Blvd. Our route to San Marcos or Carlsbad area is Champagne Blvd to Deer Springs Road. It has taken me as long as an hour to travel less than 5 miles from Twin Oaks Valley to Deer Springs past I-15 at 4 in the afternoon. Adding a huge housing development will only add more time to this commute. North County does not have the roads to accommodate huge developments. Not to mention what the traffic would do to the Golden Door Resort. It was my understanding that the development was voted down, so why are we revisiting this?

I would also like to know who approved the Davidson Bonsall development, or the D.R.Horton huge development on the I-15 near the 76 interchange?

Christine Joley
