To: Smith, Ashley
Subject: Newman Project

Dear Ashley,
As a lifetime resident of North County and current San Marcos resident, I am opposed to this development. Not only will it bring additional traffic and pollution, the infrastructure is not set up for this type of development.
I understand that we need housing, but not thus much housing in a small area.
In addition, the few that can afford this type of housing are not going to take the Coaster or Sprinter to work. They will cut through Twin Oaks and Borden to get to Highway 78 and 15.
San Diego County needs to work on a plan that takes the needs of the public into consideration.
Best regards,
Kasey
