Subject: Newland Sierra project

I am against this project
I am sorry that the county is even taking the time and energy to propose this project after Merrian Mt project was rejected.
Keep the people with in city limits and allow the rural areas to stay rural
Our county does not have the water for more developments
Nor the funding for the infrastructure improvements
Traffic at that intersection is already too congested both mornings and evenings
Please stick to the General Plan for our county for all of our sakes
