Dear Ashley Smith,
PLEASE take all life seriously. We are in a very High and Vulnerable Fire area. Turning our lovely countryside into Los Angeles (or Temecula) is not a positive goal!

Having left New York due to density I am astonished as to what wealthy builders are allowed to get away with here. Once the General Plan has to be amended we know there is BIG trouble ahead.

Strangling our roadways with added huge projects, like this one will scare many vacationers and tourists away.

PLEASE put a halt to this madness for all the right reasons.

I-267-1

Concerns:

Fire

Traffic

Environment

Quality of Life

Safety

Greed
