Subject: Newland Sierra

Hello-

My name is

Robert Merriam (yes, that Merriam). I currently reside at 1299 Deer Springs Rd., which, as far as I can tell, will be the most impacted area if this project is approved.

I really don't want to involve this missive into keep it rural, although I completely agree with this group's actions and cares.

My largest concern is with Twin Oaks Valley Road heading south from Buena Creek. There is a constant bottleneck there, that seems to have been in existence for decades. The EIR report does not address this matter. If Deer Springs Road is widened above this narrowing of the road, the result will be two lanes of stalled traffic, not one.

Of course, a year or two of minor earthquakes twice a week does not put pep in my step, either.

Thank you,
Robert S. Merriam
