DRAFT ENVIRONMENTAL IMPACT REPORT (EIR) PUBLIC REVIEW MEETING COMMENT SHEET

I find this development a leap frog development, I am so gutted yo the County not requiring these developers provide the needed road improvements not the taxpayer via cal-trans. Why does the county continue to keep bringing projects that go against the General Plan. This growth will create gridlock during Fire Season. There also should be required have a fully staffed Fire Station paid for by the developer. The traffic will be a mess!! We are just at wits end.
