My name is David A. Olds and
I live in Hedden Meadows

I-297-1

This proposed project known as the
Newland Sierra Project in area
Northwest of I-15 Deer Springs Exit
This project would have devastating
impact in this whole area traffic,
Pollution, water (we are short of already)
wildlife habitat, fire safety concerns
traffic impact is already a large
issue.

I-297-2

I moved into this community for the well
Plan of previous Developer who cared about
all above issues when area was developed
and want this to remain in tact. David A. Olds

I-297-3
