Subject: New land Sierra

Want to voice our concern for this project. We live off of twin oaks valley road and it is all ready packed with cars in the morning and evening. I can't imagine more cars using it than all ready do. If emergency vehicles need to get somewhere down the road they couldn't! We are told there's a water shortage, where are you going to get water for another 2100 homes. Increased fire danger due to not being able to get in and out. The is a very bad project for the residents of San Marcos.
