RE: NEWLAND SIERRA DRAFT EIR
Dear Ms. Ashley Smith and Mr. Mark Slovic, Thank you for the opportunity to respond to the Draft Environmental Impact Report for the Newland Sierra Development. After reviewing the document, I have a list of questions: I live very near this area and want to know how the county will protect residents now from fire related damage/ injuries if fires occur in area without adequate escape routes? How will wildlife be displaced? This area should be left rural. How will traffic problems be solved? Why would the County even consider this after spending 10 years working on a development plan only to amend it to such an extreme? Have the financial records of county officials been looked into? Way too many problems with this project Thank you very much Diana Procter I am opposed to this project. Sincerely,
Name
Diana Procter
