Re: Support for Newland Sierra Project

Dear Ms. Smith:

I am writing to provide my support for the Newland Sierra project. I currently live in North County and have lived in San Diego my entire life. While San Diego has grown into one of largest cities in the country, our new housing development has not kept pace. The housing shortage has been discussed regularly in the news so it is important that the Board of Supervisors proactively approve the development of new housing in San Diego.

I support the Newland Sierra project because it provides us an opportunity to add much needed housing, secure funds to improve our roads and set a side over 1,000 acres of open space.

North County cannot afford to wait until the situation turns into a crisis before making an effort to solve our housing problem. It is important to our community and the people who live here that we address this important issue.

I support the approval of the Newland Sierra project.

Thank you,

Michael Bilicki
North County Resident
