**To:** Smith, Ashley  
**Cc:** Slovick, Mark; Neufeld, Darin  
**Subject:** Newland EIR - one more comment

Ashley, During the County meeting last month brochures were put on the chairs. Whether they were misleading statements or an outright lie, it could have swayed people who were originally opposed to the project to now decide not to send in comments to the EIR. I found those issues in the brochure misleading at best.

I-35-1

Now we are seeing today a letter from Caltrans that there are no plans for the interchange. Caltrans has no such project.

There has been lies about the Caltrans I-15 / Deer Springs Interchange that are in the EIR and that the Developer and their representatives have been spreading.

I-35-2

Allen Binns
