Re: Newland Sierra Comment Letter

Dear Miss Smith:

This letter is in regards to the Newland Sierra Proposal. I lived in the area and had to drive Deer Springs Road for my daily commute. This road needs to be improved with or without the Newland Sierra Project. Other roads in the area also need to be updated. The interchange at the 15 Freeway is outdated and backs up on both sides. Newland is willing to improve all of these areas and it will be a win for current residents. I realize that developers pay for a lot of the improvements we need and I support this project because our area needs an influx of money to help update our road system. Thank you for your time.

I-367-1

Sincerely,

Paul J Smith
