

I-377 George Stoneback

Comment Letter I-377

7/8/2017

From the desk of . . .

GEORGE STONEBACK

Dear Mr Smith

The development on the Deer Springs corridor, is just a repeat of the Merwin Mountain project. This will never fly at this location.

1. Sloppin, where do you put it? It's loud enough now. [I-377-1]

2. It is far and above the County zoning for this area. Only 99 homes allowed. [I-377-2]

3. If you, the County supervisors, allow these developers, to take over the County zoning laws, Shame on all of you. [I-377-3]

4. I will look directly at this project from my living room & deck, I sit up on a point & will see the destruction of a fire prone area, which has had many around the I15 corridor. [I-377-4]

over 1 [I-377-5]

[I-377-6]

5. I and my family, neighbors & friends, urge you and the County Supervisors again, do not allow this project to happen.

I-377-7

These developers lost before here & at Silver Hills. When do they stop??

I-377-8

*George S. Stoneback*
