Newland Sierra Project

Dear Ms. Smith:

I would like to list my comments of support of the Newland housing project. I grew up in Poway and have lived in North County all my life. I am recently retired and our children will soon be starting families of their own. I would like to welcome the Newland Sierra Project to increase more homes in the area that will make it possible for young families to purchase a home in the area.

I-386-1

It was exciting to what this housing development is proposing to offer: single family detached homes, multi-family units, a town center, elementary school K-8 and lots of open space with numerous parks. They will also be including several features to help the environment such as solar panels on roof tops and electrical charging stations available throughout the neighborhoods. This is an area where I could see my future grandchildren grow-up.

I-386-2

I hope your vote is to approve this project, to make it possible for my children and future grandchildren to have the opportunity to live and grow in this new community.

I-386-3

Thank you,

Shawn Tierney
