

I-387 Linda and Don Tonelli

Comment Letter I-387

①

cell phone 760-484-3201  
Linda.  
Don - 760-484-3028

We, Linda + Don Tonelli  
3975 Lawrence Welk Dr. - Spaca 81  
Escondido, Cali 7 92026

Highly object to the  
Newland "SIERRA" PROJECT  
FOR these REASONS:

1. The dust from the Rock  
Crushing will flow directly across  
Highway 15 and make living here  
impossible. We suffer from  
allergies due to dust and  
take medications for it.  
The noise will be horrible!!!

2. The gridlock on the Hwy 15  
will make traveling to our  
Dr on twin oaks Dr and in  
Samarcos, IA 745C will spill  
over onto the frontage Road  
395 and make traveling to  
Center City Highway 7 gridlock  
too. How will fire trucks  
A 911 Paramedics get through  
such awful gridlock. Peoples lives

I-387-1

I-387-2

2

will be lost because the gridlock will not permit life saving vehicles to get to them.

I-387-2  
Cont.

3. ~~Extra~~ This area is in an extremely high fire zone. Gridlock will keep fire trucks from getting to the fires.

I-387-3

4 We ask that the County of San Diego put this horrible project to a Vote when it can be voted down as it has been before.

I-387-4

5. Displacement of Wild Life is another serious problem.

I-387-5

6. If we try to sell our unit - no one will buy in Champagne Village because of the dust and noise.

I-387-6

Thank you Monday - July 10 - 17
