RE: NEWLAND SIERRA DRAFT EIR
Dear Ms. Ashley Smith and Mr. Mark Slovick, Thank you for the opportunity to respond to the Draft Environmental Impact Report for the Newland Sierra Development. After reviewing the document, I have a list of questions and concerns outlined below: I live off Country Garden Lane. The traffic is already bad. I am worried about the the increase and number of accidents on Deer Springs road. I am very concerned about blasting on the mountains behind my house and what it will mean to my animals. Debris in my pool and my Adobe brick home. I would also like to k ow where water is coming from I live so close and have no cable service or internet. How is that being brought in? We are on septic here. Are there any plans to improve everyones utilities in the area. Please put me on a mailing list. I have received no I formation about the schedule or side effects. Not really fair. I am opposed to this project. Sincerely, Susan L Walls 211 Country Garden Lane San Marcos Ca 92069
