Comment Letter I-414

**From:** [Stan Weiler](#)  
**To:** [Smith, Ashley](#)  
**Subject:** I Support the Newland Sierra Proposal  
**Date:** Monday, August 14, 2017 1:06:40 PM

---

Dear Ms. Smith,

By way of this email, I would like to show my support for the Newland Sierra project located to the north of Deer Springs Road. Our region is in need of more housing. As you have likely seen in various reports, the San Diego region is not producing enough housing to keep up with demand. The result is an ever increase in the cost of housing. Based on the plans that I have seen, this project would help with the demand for housing as well as provide a more thoughtful approach to the commercial needs for this area. In addition, I support the amount of open space preservation and trails being proposed by the project.

Newland has proven to be a vital part of quality community development in San Diego County for many years, and this particular project is proving again Newland Sierra's commitment to quality development by providing housing at a very high level of environmental sustainability.

Sincerely,

Stan Weiler  
2418 Stoneridge Road
