DRAFT ENVIRONMENTAL IMPACT REPORT (EIR) PUBLIC REVIEW MEETING COMMENT SHEET

*I was born in California and lived here all my life.  
I am so concerned about the Newland Sierra Project. I remember  
the Board of Supervisors approving the County's General Plan.  
Now you are proposing, fines to our property, water deficiency,  
traffic, greenhouse gas impacts and massive housing.  
Why is the board considering this project that is so different  
from the general plan? Putting in over 2,000 more homes is  
wrong. Isn't there some other way to improve our environment?  
We are turning over our resources to make some  
developers rich. Why? Please complete our Climate  
Action Plan and then we can talk. Thank you!*
