Subject: Newland Sierra plan

Hello Ms. Smith,

I'm writing you to voice my support for the Newland Sierra plan.

My wife and I were married last year and are currently renting a two-bedroom, 1.5 bath for entirely too much in rent. We have been looking for affordable housing, in our budget, and near our work. Due to the housing shortage, right now, the plan says to move to Temecula (similar to a number of our friends) and start a life up there. We were both born and raised in San Diego and would love to stay here.

Please accept this letter as support for a project that I believe gives us an opportunity to start our family in San Diego.

Best,
Michael
