I PROTEST THE NEWLAND SIERRA PROJECT FOR THE FOLLOWING REASONS:

I I-65-1

Lack of an area near to public transportation, the number of cars on the road is now at full capacity. Rush hour traffic is stopped from Gopher Canyon south, it is impossible to get over the 15 freeway to get to a business on Twin Oaks Valley Road at 8 am. each morning.

I I-65-2

Water has not been addressed, where will the water come from to supply 2,135 homes.

I I-65-3

Lack of fire and police protection. We in Hidden Meadows voted to pay a special tax to build a fire station within the community, it seems the developer is planning to use Deer Springs Fire Dept. instead of building their own.

I I-65-4

Lack of schools, parents will have to drive out of the area to drop off students, putting more cars on the road.

I I-65-5

Infrastructure has not been addressed, who will pay for it and how much it will cost.

I I-65-6

The County supervisors have voted against this project before, it is time to follow the general plan or it was a waste of tax payer money.
