Subject: Newland Sierra Project
Date: Monday, August 14, 2017 11:40:43 AM

Dear Ms. Smith,

I support the Newland Sierra proposal. This project would provide San Diego with quality housing that is so desperately needed. Newland has proven to be a vital part of quality community development in San Diego County for many years, and Newland Sierra's plan reflects a thoughtful approach to provide a variety of housing, amazing parks and trails, and the preservation of 1,200 acres of open space that we may all enjoy. Our area needs housing just like this planned in a smart way.

I-86-1

Thank you for your time.

Sincerely,

Ernest G. Cowan
