**To:** Smith, Ashley  
**Subject:** STOP Newland Sierra Project

I live in Hidden Meadows and work at the San Diego Superior Court in Vista. I moved to Hidden Meadows 15 years ago so I could take the "back roads" traveling Mountain Meadows to Deer Springs/Twin Oak Valley Road/Buena Creek to avoid the I-15 corridor and Highway 78. My daily commute has increased steadily over time. The southbound traffic on Interstate 15 adds congestion to an already heavily traveled road. The traffic controlled intersections crossing the bridge over the I-15 are terrible. California State University San Marcos students also add to the congestion when school is in session. My commute should only take about 20-25 minutes each way. If I leave my house at 7:00 a.m. I can arrive at work by 7:20 a.m. However, if I leave at 7:05 a.m. or 7:10 a.m. I don't arrive at work until 7:50 a.m. Just that little window of 10 minutes makes all the difference in the world to me. I would really hate to see this project receive approval to amend the General Plan and build all those homes in the hills.

I-9-1

Sincerely,

Janese Anderson
