

### I-124 Kirk W. Effinger

- I-124-1** They comment expresses disapproval of the Existing General Plan Alternative in the Draft EIR and states that it should scrapped because it does not provide enough homes and too much commercial space. This alternative was included in the Draft EIR in order to compare the proposed project with what the General Plan currently has proposed for the project site. This comment is included in the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required or necessary.
