

I-169 Chris and Lori Greene

- I-169-1** The comment states that the commenters are concerned with the project and in particular the road widening. The comment addresses transportation and traffic issues that received extensive analysis in the Draft EIR in Section 2.13 Transportation and Traffic. The comment does not raise any specific issue regarding analysis in the Draft EIR, therefore, no more specific response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
- I-169-2** The comment states that the commenter's house shakes when large trucks or motorcycles go by and that they expect it to get worse with the widening of Deer Springs Road. The comment provides background information concerning existing conditions at the commenter's house, and does not address any specific issue concerning the analysis in the EIR. Potential noise and vibration impacts have been extensively analyzed and disclosed in Section 2.10 Noise. This comment is included in the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required or necessary.
- I-169-3** The comment states that they have seen a vehicle flip and fly over multiple lanes of traffic landing hundreds of feet away and that their dwelling unit is no more than 25 feet from Deer Springs Road. The County notes the comment provides factual background information concerning existing conditions. Traffic safety was adequately evaluated in the Draft EIR at Section 2.13 Transportation and Traffic. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required.
- I-169-4** The comment expresses general concern over traffic impacts and states that they drive down Deer Springs Road through San Elijo Hills and that traffic and delays are already really bad. The comment concerns traffic impacts, which were extensively evaluated in the Draft EIR at Section 2.13 Transportation and Traffic. The County notes the comment provides factual background information and does not raise an issue with this project or the analysis in the EIR. Therefore, no further response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
- I-169-5** The comment expresses concern over air pollution and breathing polluted air day in and day out. Potential air quality impacts have been adequately analyzed and disclosed in the Draft EIR in Section 2.3 Air Quality. The comment addresses general subject areas, which received extensive analysis in the Draft EIR. The comment does not raise any specific issue regarding analysis in the Draft EIR, therefore, no more
