

I-20 Tanya Bauer

- I-20-1** The comment states that they came to this area for peace, privacy, and security to spend their retirement years and in the past 8 years they have seen an increase in traffic, crime, vandalism, and populace. The comment says they can barely get on the freeway without speed demons zipping by and the delays on Twin Oaks can add another half hour to a trip during morning and evening rush hours. The County notes the comment provides commenter's opinion and does not raise an environmental issue within the meaning of CEQA. As it relates to issues pertaining to traffic, please see **Topical Responses TR-1, TR-2, and TR-3**. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required because the comment does not raise an environmental issue.
- I- I-20-2** The comment states that fires along the roads are becoming more frequent and that they only have one escape route. The commenter states that the project will cause a massacre of hundreds of residents if there is another disaster as large as the fires that occurred in 2007. The County does not concur with this comment and refers the commenter to **Topical Response HAZ-1**. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required because the comment does not raise an environmental issue.
