

I-246 Nancy Layne (1)

I-246-1 The commenter explains that she is a third generation San Diego resident and that she does not plan to live anywhere else. The commenter describes that the housing shortage and associated costs may not make it possible for her children to live in San Diego. The commenter states that the Project, by offering a variety of housing options, tackles the housing shortage, despite misinformed objections from surrounding neighbors. The commenter explains that the effort should be celebrated and encouraged as a first step towards improving years of little to no new housing and the resultant backlog and price spikes.

The County acknowledges the comment and notes it expresses the opinions of the commenter, and does not raise an issue related to the adequacy of any specific section or analysis of the Draft EIR. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required or necessary.
