

I-263 Pat Martin

- I-263-1** The comment states the community of Champagne Village consists of 457 homes of 55 and over and this population is subject to health conditions that will be affected by blasting proposed by the project. The Draft EIR addresses construction impacts to Air Quality in Section 2.3, Air Quality. Please refer to **Topical Response AQ-1 and AQ-2** for a summary of the proposed project's treatment of such emissions.
