

I-267 Ruth Mattes (1)

I-267-1 The comment states the project is in a high and vulnerable fire area. The comment notes the project includes a General Plan Amendment. The comment also that traffic from large project could impact vacationers and tourists. The comment lists concerns as: Fire, Traffic, Environment, Quality of Life, Safety, Greed and Water. The County notes the comment expresses opposition to the project.

The comment restates information that is contained in the Draft EIR or addresses general subject areas, which received extensive analysis in the Draft EIR. The comment does not raise any specific issue regarding that analysis and, therefore, no more specific response can be provided or is required. Specifically, Section 2.8 addresses the project's location within a Very High Fire Hazard Severity Zone. Section 1.0, Project Description, describes the proposed General Plan Amendments associated with the project and Section 3.3.2, Conflicts with Plans, Policies and Regulations. Section 2.13 addresses Traffic and Transportation, including Section 2.13.9, Traffic Hazards Analysis. Section 2.14.1 addresses water usage and supply. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
