I-287-1 The comment states that the idea of bringing a Master Planned Community to an area that has grown organically is scary to many members in the Deer Springs area. The commenter explains that they instead, see the Project as an opportunity to enjoy the amenities that the Project would bring, such as improved roadways and a much needed grocery store and pharmacy. The comment states that the Project would be a big improvement for existing and future community members.

The County acknowledges the comment and notes it expresses the opinions of the commenter, and does not raise an issue related to the adequacy of any specific section or analysis of the Draft EIR or within the meaning of CEQA.
