

I-302 John Owens

I-302-1 The comment asks how far the average worker would have to drive to work.

A vehicle miles traveled analysis is provided in Appendix R of the Draft EIR, which provides estimates for the miles traveled by the average worker. The comment does not raise any specific issue regarding that analysis and, therefore, no more specific response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.

I-302-2 The comment asks why the project does not include an exit to the north.

The primary function of Camino Mayor is to serve as a secondary access point for ingress and egress, in addition to two other County-required access points. Please see **Responses to Comments I-405-3 and I-405-71** for further responsive information.
