

I-306 Robert Patten

I -306-1 The commenter opposes the proposed project. The comment states the commenter was involved in General Plans for the City of San Marcos and questions how the County can spend the time and money on the General Plan Update and then consider a project that has 20 times the number of homes as the existing General Plan. The comment compares the project to having a 20-unit apartment building next to a single family home.

The County notes the comment expresses general opposition for the project, but does not raise any issue concerning the adequacy of the Draft EIR. The County refers the commenter to **Topical Response LU-1** regarding the proposed project's consistency with the General Plan. The comment does not raise any specific issue and, therefore, no more specific response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
