

### **I-353 Charles A. Service (1)**

- I-353-1** The comment summarizes the “Existing General Plan Alternative” and expresses the commenters opposition to this alternative, noting it “would not put a dent into the existing housing shortage” and questions living next to 2 million square feet of commercial. The comment then states the traffic from this alternative would “severely impact Deer Springs Road by commuter to and from the area.” The comment concludes by requesting this alternative be removed. The County acknowledges the comments and notes it does not raise any issue concerning the adequacy of the Draft EIR. For that reason, the County provides no further response to this comment.
