

I-375 Tommy Stamos

I-375-1 The comment states that the San Diego Regional Chamber of Commerce released a study which concluded the San Diego region is on pace to only provide 50% of the homes needed to accommodate growth which could have a ripple effect on the regional economy. The comment states the commenter supports the Proposed Project because it contributes to solving a regional housing problem.

The County acknowledges the comment letter, and notes it expresses general support for the proposed Project, but does not raise any issue concerning the adequacy of the Draft EIR. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required because the comment does not raise an environmental issue concerning the adequacy of the Draft EIR.
