

### I-394 Julian Van Os

**I -394-1** The commenter explains that they are against the Project due to traffic and environmental/livability reasons. The comment states that traffic is already terrible at “this” freeway intersection.

The comment addresses traffic issues, which received extensive analysis in the Draft EIR, specifically in Section 2.13 Transportation and Traffic. The comment does not raise any specific issue regarding that analysis and, therefore, no more specific response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
