

### I-5 Lisa Amantea (3)

**I-5-1** The comment states that the EIR is confusing and hard to read if you're not well educated in land use or law. The comment states that 60 days is an inadequate amount of time to review the document and asks for guidance on how to tackle this issue so the public can successfully determine how this development and its impacts are being addressed.

The County acknowledges the comment and notes it expresses the opinions of the comment, and does not raise an issue related to the adequacy of any specific section or analysis of the Draft EIR. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required or necessary.
