

I-56 Sheryl Brown

- I-56-1** The comment asks if there are any specific reasons that would prevent the development from happening. The comment asks that question because in their experience very rarely will homeowner dissatisfaction with a new development ever stop new development. The County acknowledges the comment and notes it raises economic, social, or political issues that do not appear to relate to any physical effect on the environment. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required because the comment does not raise an environmental issue.
