Quino Checkerspot Locations,
Proctor Valley

A-3.7-1
Quino Checkerspot Locations Proctor Valley

Quino Data Sources: Occurrence Information for Multiple Species within Jurisdiction of the California Fish and Wildlife Office (CDFW) CINDB database. This species information should be used as a guide to location and access to the habitat of the species. Any species data should be corroborated with appropriate documentation before formal species surveys are conducted. This process should be done in consultation with CDFW and other appropriate specialists.

Map Production: CDFW Region 5 April 2018.
