

I-27 CHARLOTTE JOHNSON 2

Comment Letter I-27

April 15, 2018

Mr. Gregory Mattson
San Diego County
Planning and Development Services
Project Processing Counter
5510 Overland Avenue, Suite 110
San Diego, CA 92123
Gregory.mattson@sdcounty.ca.gov

Dear Mr. Matson:

I am writing to oppose the development of Otay Ranch Village 14 and Planning Areas 16/19
PDS2016-GPA-16-008; PDS2016-SP-16-002; PDS2016-REZ-16-006; PDS2016-TM-5616

The habitat designated for development is sensitive and the metropolitan sprawl is not in keeping with the goal of reducing carbon emissions which the state of California is working to address.

The reference of 6.2.1 regarding impact on eagles is "less that significant" is not correct. If you go out there with binoculars you can see them.

We are experiencing additional traffic problems with Hollywood Casino on the 94. Additional traffic is not acceptable especially when it is already a problem. It is not in San Diego's best interest to continue the urban sprawl increasing traffic into the city when we should be trying to reduce traffic by increasing more dense communities that support mass transit and non-carbon based fuel transportation.

Please do not approve this development for the sake of developers' profit. Take the time and initiative to look at other solutions to increase housing in San Diego.
