

**I-11 DIANA CARSON**

- I-11-1** The County acknowledges the comment and notes that it expresses the opinions of the commenter. This comment does not raise an issue related to the adequacy of the Draft EIR; therefore, no further response is required or provided.
- I-11-2** The County acknowledges the comment and notes that it expresses the opinions of the commenter. This comment does not raise an issue related to the adequacy of the Draft EIR; therefore, no further response is required or provided.
- I-11-3** The County disagrees with the commenter’s statement that there was no consideration for traffic and environmental impacts in the Draft EIR. Section 2.9, Transportation and Traffic, of the Draft EIR fully analyzed traffic and includes mitigation measures to mitigate environmental impacts. The comment does not raise an issue regarding and the adequacy of the Draft EIR; therefore, no further response is required or provided.
- I-11-4** The commenter expresses concerns regarding emergency access. Impacts to emergency services were analyzed in Section 3.1.6, Public Services, of the Draft EIR. As stated on page 3.1.6-22 of the Draft EIR, “the Proposed Project would construct a new fire station which would respond to the Project Area service calls, while supporting the San Diego County Fire Authority regional strategies for the placement of fire facilities and services to East County residents.” The Draft EIR concluded that “impacts related to fire protection and emergency services would be less than significant” (page 3.1.6-22).
- I-11-5** The County acknowledges the commenter’s opposition to the Proposed Project. This comment does not raise an issue related to the adequacy of the Draft EIR; therefore, no further response is required or provided.
