

**O-1 SAN DIEGO COUNTY ARCHAEOLOGICAL SOCIETY**

**O-1-1** The comment states the commenter reviewed the Draft EIR on behalf of the San Diego County Archaeological Society. The County acknowledges the comment as an introduction to comments that follow. This comment does not raise an issue related to the adequacy of the Draft EIR; therefore, no further response is required or provided.

**O-1-2** The comment states that, based on the information contained in the Draft EIR, the San Diego County Archaeological Society concurs with the cultural resources impact analysis and mitigation measures, with one addition. The comment requests that cultural resource monitoring take place during installation of the temporary fencing identified in mitigation measure M-CR-1.

The County agrees that cultural resource monitors shall be present for installation of temporary fencing if such installation includes ground-disturbing activities which have the potential to impact unknown resources. Mitigation measure M-CR-1 has been revised in the Draft EIR and is reflected in ~~strikeout~~underline in the Final EIR in Section 2.5.5, Mitigation Measures. Specifically, the following text has been added to M-CR-1:

- Installation of temporary fencing shall require the presence of monitor(s) (Archaeological & Native American) pursuant to M-CR-2.

These revisions do not include the identification of any new or significantly greater impacts, and do not constitute substantial new information pursuant to CEQA.

**O-1-3** The comment expresses appreciation for the opportunity to review and comment on the Draft EIR. The comment provides concluding remarks that do not an issue regarding the adequacy of the Draft EIR; therefore, no further response is required or provided.
